MAD

A NOTE FROM THE EDITOR

With this issue, MAD is increasing its frequency from four to six issues per year. Happily, this means more issues of MAD for you and, tragically, a lot more work for me and the staff of the magazine! The next issue of MAD (#505) will go on sale August 17. A new issue will follow approximately every two months thereafter. MAD subscribers will automatically have their subscriptions adjusted to reflect the additional issues. Cat Fancy subscribers will be unaffected.

Additionally, as we went to press, Cartoon Network announced that they would be airing a new MAD animated TV show in the fall of 2010. Look for more details about the show in the next issue of MAD (#505) which, as I just said above, goes on sale August 17. If you were paying closer attention, I wouldn't have to repeat myself!

WEAK PREVIEWS

I read on the internet how you are not doing many movie parodies because of the nature of theatrical releases today. Have you considered lampooning cult movies like *The Rocky Horror Picture Show* and *Harold and Maude*? And what about satirizing older blockbuster movies that were made before your magazine existed, like you did with *Gone with the Wind*, *The Wizard of Oz* and *Casablanca*? Even if you're finding it harder to spoof recent movies, there's still plenty of fertile ground from the past.

Troy Cox, Wichita, KA

Think Outside the Cox — Thanks for writing — your letter was fertile ground — in that it was absolutely LOADED with crap! However, we're going to take your advice and spoof some classics we never got around to. Keep your eyes peeled on upcoming issues for our parodies of *The Birth of a Nation* ("The Dearth of Narration"), and *Battleship Potemkin* ("Battleship Potrzebie"). By 2014, we'll really start laying into the "talkies" — starting with *The Jazz Singer* ("The Jazz Stinker")! Hoo-hoo — the estate of Cecil B. DeMille is going to be PISSED! — Ed.

PROSE AND CONFUSED

My name is Brandon and I always enjoy reading your magazine. One of my favorites I think would be *Spy vs. Spy* — they are pretty hilarious in fact. I also enjoy just going through and reading all of the comics and parodies, especially *Strip Club* and *The Fundalini Pages*. They make my day better when I am going through a rough time. One thing that I have noticed that became extinct from MAD is that one comic about a family always engaging in ridiculous adventures. I can't remember what it was called, but I'm sure you can help me.

Brandon N., Grandforks, ND

Off-Brand — No problem! The strip you're thinking of is called "Family Circus" — and while it never ran in MAD, it still appears in countless newspapers across the country! That Dolly is a freakin' pistol! — Ed.

GIVE P's A CHANCE

I have written many, many times to you. And even though none of these letters have made it into the actual magazine, I have hope that one day it will! MAD has taught me a lot of things. For instance, patience, perseverance, passion, political humor, practicality, peace of mind, pan-handling, pent-up frustration and pathos (I don't even know what that last one meant, but it sounds smart, right?) Thanks for all the pretentious humor that has been puked out by your petty magazine.

Beatriz Lopez, West Warwick, RI

Sweet-N-Lopez — Thanks, we learned a lot from your letter, too. Actually, just one thing — shred any mail that comes from West Warwick! — Ed.

MAD CELEBRITY VISITS!

Here at MAD, we get a lot of visitors — some days it's the guy who empties our trashcans, other days it's the guy who fills the vending machines! (Actually, our trashcans have to be emptied so often because they're full of snack wrappers. It's a vicious cycle, we know). So, we were delighted to be visited by none other than the stars of *Mystery Science Theater 3000*, who were in town to perform as *Cinematic Titanic*!

L-R: Frank Conniff (TV's Frank), J. Elvis Weinstein (Tom Servo), and Trace Beaulieu (Dr. Clayton Forrester, Crow T. Robot); Inset: Joel Hodgson (Joel)

TREBEK YOURSELF BEFORE YOU WRECK YOURSELF

Last issue, we mentioned that on April 7th, *Jeopardy!* would be devoting an entire category to MAD. And, as sure as Trebek's upper-lip is creepy, they did just that! What we DIDN'T know was that the title of *every single* category in Double Jeopardy was going to be a reference to MAD! In case you didn't catch it, here's what you missed:

DRAWN-OUT DRAMAS	LETTERS IN TOMATOES	SPY VS. SPY	WHAT, ME WORRY?	THE USUAL GANG OF IDIOTS	MAD

WITH FRIENDS LIKE THESE, WHO NEEDS ENEMAS?

My girlfriend and I recently moved into our first apartment together and had a hard time deciding what to put in the magazine rack in the bathroom. As it turns out, I found an old dusty stack of your magazines amongst the crap I've had for years. Now my bathroom is the number one pit stop for all my friends on their long drives home from work. Thank you MAD.

Brandon Poulter, Modesto, CA

Ann Poulter — Wow! So your friends now go *out of their way* to poop at your house? That sounds like a dream come true! Just a thought, but after all your friends' "downtime making-brown time," you should probably take those magazines out of circulation. Those things must be more disgusting and germ-ridden than the hot tub on Jersey Shore. Either way — start buying Purell in bulk, Poopsie! — Ed.

WHEN THE "SHH" HITS THE FAN

I have no money, so I have to go to the library to read your mag. While I'm reading it, everyone gives me looks because I'm laughing so hard. I really enjoy reading your magazine, could you please make it less funny, so I can enjoy it in peace?

Chris Larkin, Ithaca, NY

Larks and Recreation — We promise to do what we can to make the magazine less enjoyable and entertaining. We think that printing your letter was a good first step! — Ed.

What if a Member of the New York Yankees Was a Serial Killer?

His idea for a super promotional eight: The first 10,000 fans 14 and under get their throats slit.

Breaks up a double play by sliding hard into the second baseman, then beating him to death with a cleave hammer.

He'd be the first major league to have endorsement deals with a crusher company and a shovelform manufacturer.

He'd be delighted by the silly antics of the Philly Phanatic. (Even though he's a serial killer, he's not made of stone, you know.)

The "foreign substance" found in his system would turn out to be the ear of a missing player.

Eager Cleaners would still be the most hated team in baseball history.

The 5 Worst Things About 3D Movies

1. Last when you thought movies couldn't get any dumber, along comes a technology that makes plot and dialogue even less important.

2. The sickening realization that once 3D technology moves into the home, your two-year-old plasma screen will become as obsolete as Colocotron.

3. The small but fervent bunch of cineastes who'll never insist on only using the 2D version of 3D films.

4. It's only a matter of time before desperate studios begin re-releasing such classic "farties" as Larry the Cable Guy's Delta Force and Mariah Carey's Glitter in glorios 3D.

5. Anything that encourages egomaniacal, self-indulgent poop-throat James Cameron to continue making movies is pure evil.

#500 In A Series

An important message from MAD's
Director of Business & Development,
JEFFREY LOZENGE

It is often said that "the fruit doesn't fall far from the pond" and that "if you want something done right, forget it." To that, I might add, "a pound of cheese is good, especially if it's good cheese." My point is clear.

MAD — the magazine whose time is and was and continues to be — was never read by Vikings. They were too busy marauding and being fitted for helmets. You, on the other hand, can have the best of both worlds. You can subscribe to **MAD** and be a Viking.

*But who in today's modern world has time to be a Viking, you ask? Who indeed? The hours are long and the pay meager. Which is why you should subscribe to **MAD**. Yes, **MAD**. If Vikings had their own mail service and knew how to read and weren't so busy marauding and getting fitted for helmets, it would have been their magazine.*

So, be like me. Be like a Viking.

SIGNS YOU'RE TOO FAT TO TRAVEL ON A COMMERCIAL AIRLINE

The flight attendant has to keep reminding you that you're not allowed to use your deep fryer during takeoff.

Every time you get up to use the bathroom, the plane does a barrel roll.

You keep setting off the metal detector until you realize you forgot to remove one of the aluminum trays of baked ziti from your carry-on.

You once joined the mile high club with a hoagie.

Now, even on domestic flights, you're prohibited from smoking hams in the bathroom.

You're outraged to learn you can only bring on three ounces of Thousand Island dressing.

At one point during the flight, the captain comes on and says, "If you look towards the left, you'll see one of the fattest humps of man I've ever seen!"

When they announce "Now boarding rows 17 to 24," that's you, big boy.

DEMOGRAPHICS

WRITTEN AND ART BY JOHN CALDWELL

THE ELDERLY

PROS

- The hip, high-tech design means it will never be mistaken for your insulin pump.
- Yes, there's a Binge App.

Customizable home page means you can leave yourself a daily reminder to wear pants.

CONS

- Unlike your customized, jangled-out Jazzie Scottie, Medicare won't pay for it.

When reading, the old habit of flicking fingers before turning pages can sometimes result in mild electrocution.

- Google is utterly useless when searching for misplaced dentures.

BOTTOM LINE:
Need we repeat, Google? MEDICARE WON'T PAY FOR IT!

PLUMBERS

PROS

- Who's to know you're stretching your hourly rate by watching movies under the sink?

Easily stored while you're working.

- Access to unlimited and complex industry data means you'll never again screw up the "telly loosey, righty tighty" rule.

CONS

- It's really depressing that your excellent rubber weather regulator internet videos just never seem to go viral.

- The built-in high-tech calendar is no match for your old-school "PVC Pipe Dancing Bikini Bobs" paper edition.

It doesn't float.

BOTTOM LINE:
It's like flushing a grand down the toilet.

SUPER MODELS

PROS

- Instant web access means no more wondering how many calories there are in a single raisin.
- Frequent crashes, glitches and screen freezes are bound to bring out your sainted pants.

Just click on iBooks, select a hefty volume, then balance that bad boy on your head for a little high-tech pause practice.

CONS

- Touch screen technology is a real nail-breaker.

There's no getting around the fact that it's slower than you'll ever hope to be.

- iOS is a bit to spend on something that—let's face it—you're mostly going to be doing lines of code off.

BOTTOM LINE:
This thing is already so April 2010.

MOB GUYS

PROS

A giant step in bringing the gang walk into the 21st century.

- We were surprised to learn there's an App available for determining who's wearing a wire.

- Built-in GPS means that you should know where the bodies are buried.

CONS

- You find out the hard way that the code of Omertà also applies to Tweets.

Once all the gaps have met, it becomes necessary to keep a made cyber geek around for tech support.

- They don't make a shoulder holster for the damn thing.

BOTTOM LINE:
Not far either, but this is a GPS'er after we could easily refuse.

FUNERAL DIRECTORS

PROS

- FAQs like, "Why is this a closed casket service?" can now be answered on the spot and in high definition.
- The chance to tag on an additional fee for iPad-friendly version of online obit? Ka-ching!

Easy access to old Facebook photos is a big help in making the deceased look natural.

CONS

- The complexion of wakes and services change drastically once word gets out that your funeral parlor is a WiFi hotspot.

It turns out that an iPad photo gallery of the embalming process is not the selling point you thought it would be.

- Tech support glitches can easily result in some guy named Mohammed showing up to speak at the Ginzberg service.

BOTTOM LINE:

Our condolences to anyone who buys this piece of crapola.

HITCHHIKERS

PROS

Spell-check especially helpful for destinations like Minneaplasi and Cinsinatti.

- Photo application provides room for a handy thumbnail gallery of thumbs.
- Built-in GPS lets you know if the trucker who picked you up might be a serial killer headed to a desolate location.

CONS

- So, since this thing isn't a cell phone, what are you going to do if the trucker who picked you up is indeed a serial killer headed for a desolate location?
- Eats up considerably more of your traveling budget than a Sharpie and some empty pizza box found in a dumpster.

Be aware that a shiny reflective screen coupled with just the right angle of the sun, can turn a potential ride into a 70-mile-an-hour, two-ton sayonara.

BOTTOM LINE:

A hitchhiker's thumb down!

PIRATES

PROS

- Availability of Google Maps eliminates the need for bulky treasure maps.

There's a sweet doubloon conversion App.

- Brings a whopping five dollars (U.S.) at the local open bazaar. (Somali pirates only.)

CONS

- Hook leaves unsightly scratches on the screen.

The necessity of WiFi accessibility means goodbye pints of rum and hello Starbucks macchiatos.

- Unwieldy touch screen keyboard means cutting way down on the number of AAAAARRRRGHs in your emails.

BOTTOM LINE:

The iPad walks the plank.

THE RUNAWAY SMASH

TOYOTA STORY

COMING AT YOU ON THE NEXT TWO PAGES — WATCH OUT!

A subpoena for me? Testify before Congress? We toys have to stick together! Will you come with me to the hearing?

We'll be glad to. But, um, you drive on ahead without us. I think we'd rather walk!

Looks like we're all going to Washington D.C.!

Everyone except the Rock 'Em Fists. Our nation's capital is no place for a mindless, never-ending "red vs. blue" fistfight!

Hey, at least we've got a few toy-friendly faces on the committee. It's a Troll Doll, a Shrinky Dink, and Gumby's pet horse Pokey!

No, our hearing is across the hall. That's Senator Joe Lieberman and Congressman Dennis Kucinich and John Boehner!

I am holding written, black-and-white evidence which proves that Toyota was fully aware of its cars' mechanical flaws for years, yet deliberately failed to correct them!

May I see that, Senator?

SHAKE
SHAKE
SHAKE

Move to dismiss, for lack of evidence!

As the Toyota car's lawyer, Magic 8-Ball, can you tell us when your client learned about the engineering defects?

Could these crashes have been prevented?

Will you acknowledge any wrongdoing at all?

One final question for you, Magic 8-Ball: would you like to write the 2012 platform for the Republican Party?

DON'T COUNT ON IT.

OUTLOOK NOT SO GOOD.

MY REPLY IS NO.

Hooray! They couldn't prove a thing! Throw more confetti!

This isn't confetti. It's shredded Toyota safety manuals and warranties!

I've glued myself to the top of a Tonka truck. Finally, it's safe to send me onto the road!

Too little, too late! I'll never ride inside a Toyota again!

Agreed! To a Nissan Infiniti... and beyond!

COMPARISON CHOPPING DEPT.

Everyone thinks Justin Bieber is **500,000** great.
But how great is he **REALLY**?

Let's settle this once and for all
with a little feature we like to call:

BIEBER VERSUS...

 BIEBER VS. BEAKER Winner: BEAKER! Incomprehensible, high-pitched muppet has a much less annoying voice.	 BIEBER VS. BABAR Winner: BABAR! "King of the Beapkins" outshines "Prince of the Beasel Cuts."	 BIEBER VS. BURL Winner: IT'S A TIE! Both produce equally creepy moos.	 BIEBER VS. BEEPER Winner: BEEPER! Both completely useless, but the Beeper served a purpose at some point — which is more than we can say for Bieber.	 BIEBER VS. BABY Winner: BABY! Creepily, Bieber is somehow cuter and more feminine.	 BIEBER VS. BILBO Winner: BILBO! Bilbo's mentor is Gandalf. Bieber's mentor is Usher. Also, Bilbo is taller.
 BIEBER VS. BEEMER Winner: BEEMER! Sophisticated German automobile requires less engineering and production than the average Bieber single.	 BIEBER VS. BOO BERRY Winner: BOO BERRY! Boo Berry exhibits far more personality, despite being dead.	 BIEBER VS. BOMBHELL Winner: IT'S A TIE! Both of their photos are used as currency in prison.	 BIEBER VS. BUTTER Winner: BUTTER! Butter is sometimes mistaken for margarine. Bieber is sometimes mistaken for Selena Gomez in a Beatles wig.	 BIEBER VS. BOWSER Winner: IT'S A TIE! Bowser is constantly pursued by Mario. For Bieber, it's just slushy dude in the sun.	 BIEBER VS. BOBA Winner: BOBA! Boba single-handedly kicked the ass of an entire galaxy. Bieber needs a former security team for an appearance at Bud's Bar.
 BIEBER VS. BEEP Winner: IT'S A TIE! Beep is a mutated half-human/half-warrior. Bieber is Canadian.	 BIEBER VS. BUDDHA Winner: BUDDHA! Buddha's followers aren't going to stop giving a sht about him as soon as they turn 17.	 BIEBER VS. BUBBA Winner: BUBBA! Bieber's position on curbing nuclear proliferation is null and other Middle East countries is null at best.	 BIEBER VS. BLUE BOY Winner: IT'S A TIE! Blue Boy is dry paint. Wishing a Bieber performance is as exciting as watching paint dry.	 BIEBER VS. BOO BOO Winner: BOO BOO! One is a short, hairy little weasel that probably jumps in the woods. The other is a delightful animated bear.	 BIEBER VS. BLAGGO Winner: BLAGGO! Inevitably, Blaggo has better hair!

Relationships are hard. But the only thing tougher than being in a relationship is NOT being in a relationship. Break-ups suck — and moving on is never easy (although a restraining order does take out a lot of the guess work). How can you tell if you're past the pain and ready to get your guts changed to an exciting NEW relationship? Easy — just look for these...

9 unmistakable signs that you're not quite over your ex

WRITER AND ARTIST: TERRY DUNN PUBLISHED

5 Every song reminds you of your ex.

Oh man! This one destroys me! Well, you're gonna puke!

It's the single for Mann! Refrigerator Repairs.

No, no, no — just listen to it again, see how she says "it" in the second from last sentence? That's like the third time she says it that way in like a fifteen day period — what is up with THAT?!!

6 Friends are endlessly subjected to reading all of your saved text messages to see if there were signs.

Man, all that lady said was that the boys look nice and except and you were game.

Oh, I thought she said Christy.

8 It's been years, but you still haven't told your family you broke up.

Oh, yeah, my brother is still in his room, she won't be staying in.

9 You torture yourself by joining a dating service — just to see if your ex joined.

Whose.

7 You block out for a few minutes every time your ex's name is mentioned.

SIEG... OOOPS!

**Someone Forgot to
Use Deodorant.**

When saluting the dear departed Führer, nothing is more embarrassing than unsightly underarm stains. That's why smart Neo-Nazi enthusiasts like Jesse James should use *Reich Guard™* deodorant. It's guaranteed to keep you dry — whether you're polishing your SS memorabilia, schtupping random tattooed skanks, or trying to explain the whole mess to your Oscar-winning wife and the wicked, Zionist press.

And between those three fried Chicken Filets? Two more Chicken Filets!

We take each one of the five filets & deep-fry 'em once, slit 'em open & stuff 'em with a buttery-type filling** and deep-fry 'em again!

(**We do not use fillers in our fillings, only 100% pure and natural lard!)

Between the first two Chicken Filets we pile on bacon, sausage and a slab of pork-roll!

(Lightly cooked to bring out the flavor.)

Next, we slide in two fried eggs!

Then we add cheese — American, Swiss, Cheddar and our famous Pepper Jack Cheese! And we deep-fry it again!

To make our new food sensation a healthy choice, we add a leaf of lettuce. Yes, it's deep-fried too!

How do you hold the new Triple By-Pass?

(Don't worry, we still didn't add bread...)

We added three MORE deep-fried Chicken Filets!

A MAD AD PARODY

THE DIVID IS IN THE DETAILS DEPT.

Recently, two college students at California State University found documents in a trash bin outlining Sarah Palin's contract requirements for her speaking appearance at the school. These documents were widely distributed by the media. Subsequently, MIND went BACK to the dumpster and dug even deeper among the 100 and more. No unexpected even MORE Palin contract demands that we present here for the first time. (Pulitzer Committee, please take note!)

CONTRACT ADDENDUM

In addition to former Governor Sarah Palin's outrageous speaking fee, the following is an agreement between Palin (aka "The Speaker") and your facility (aka "The Venue") and shall be stipulated prior to final agreement to appear:

DRESSING ROOM

The Speaker's Dressing Room shall contain no fewer than three (3) bowls of moose jerky. Speaker requires two (2) bottles of melted Alaskan glacier water. Additionally, Speaker requires two (2) beret-style straw and one (1) person to show the Speaker how they work. Venue agrees to provide no fewer than six (6) shiny objects to entertain Todd.

PRESS/MEDIA

There shall be a strict limitation on media access during the Speaker's appearance. No actual journalists shall be permitted. So FOX News is fine.

SOUND CHECK

Sound Check shall occur ninety (90) minutes prior to event to insure that the phrase "How's that hope-y change-y stuff workin' out for ya?" is amplified to expected feelings, satirical levels.

EVENT STAFF

Under no circumstance shall Event Staff audibly laugh at all the misspellings in Fox Parties' homemade signs. No shaking hands with the Speaker prior to the event, which could cause her speech notes to be rubbed away.

TRANSPORTATION

Governor Palin shall be brought to venue via chauffeured limousine or town car. No know, like real Americans. The Venue shall provide shuttle service as needed to the following:

SECURITY

Inner Security will be posted at all doors during the event to prevent the presence and/or appearance of Levi Johnston and/or Levi Johnston's penis.

DAY-OF-EVENT

Venue agrees to pre-screen event audience. The following are acceptable attendees:

- Moderate recipients opposed to government-run healthcare
- Self-proclaimed hooden-loving anti-socialists who scream down anyone that doesn't agree with them
- Rogue hawkins

No inquiries about Governor Palin's children shall be permitted. She will not have them exploited. Unless she's the one doing it. At no time during her remarks will the Speaker be required to string together two coherent thoughts. There will be no Q&A. Not just today. Ever. We learned from the Copie String.

Earlier this year, comic book fans were treated to an imaginary, phantasmagoric look at what would happen if beloved American icon Archie Andrews alternately married each of his perpetual girlfriends, Veronica and Betty. (Personally, we would have preferred a multi-issue storyline finally explaining that weird tic-tac-toe shape on his head!) Still, we realized that an important chapter in this Archie "What if...?" saga had yet to be written... so we wrote it!

GEE, HERE I AM ON MEMORY LANE AGAIN! WHEN I WALKED UP THAT PATH ON THE LEFT, I MARRIED VERONICA! WHEN I TOOK THE PATH ON THE RIGHT, I MARRIED BETTY!

BUT I STILL HAVEN'T TAKEN THAT GNARLY, TWISTY PATH THAT LOOKS LIKE IT'S DANGLING BETWEEN THE TWO OF THEM... HERE GOES!

MY YEARS AT RIVERDALE HIGH HAVE TAUGHT ME THAT FOR EVERY ALTERNATE FUTURE, THERE'S AN ALTERNATE LIFESTYLE... I'VE LEARNED TO LOOK AT THINGS NOT JUST HEAD ON, BUT FROM BEHIND AS WELL!

AND I OWE ALL THAT TO SOMEONE WHO'S HELPED ME TO GROW AND EXPAND AS I COULD WITH NO ONE ELSE. SO TODAY, I SAY TO YOU...

JUGHEAD JONES... WILL YOU MARRY ME?

YES, ARCHIE, YES!

LOOK, BETTY AND VERONICA HAVE BEEN LEADING ME ON... THEY LOVE ME ONE DAY AND HATE ME THE NEXT! BUT JUG AND ME PRACTICALLY KNOW WHAT THE OTHER IS THINKING... WE'RE COMMITTED... DEVOTED. WE'VE SPENT SO MUCH TIME TOGETHER!

HE'S RIGHT ABOUT THAT -- AND BEST OF ALL, IT WILL FINALLY GET BIG ETHEL OFF MY BACK!

OH, AND TO THINK OF ALL THOSE TIMES I FORCED THEM TO SHOWER AFTER GYM CLASS! I BLAME MYSELF!

SNIFF! I ALWAYS THOUGHT THAT IF ARCHIE DIDN'T MARRY ME, HE'D MARRY YOU, RONNIE!

I THOUGHT THAT ABOUT YOU, TOO, BETTY! I ALREADY MISS ARCHIE'S PERFECT HAIR, THE WAY HE ALWAYS DRESSES SO NEATLY... HIS INTEREST IN MUSIC AND THE ARTS...

...HOW HE'S ALWAYS BEEN SO TRIM AND FIT, SO SENSITIVE... SO IMPECCABLY GROOMED...

OH GOOD GRACIOUS! HOW DID WE NOT KNOW???

MARRIED? HA! I THOUGHT JUGHEAD LIKED HAMBURGERS, NOT HOT DOGS!

THAT JOKES SUCKS, REGGIE!

HEH! HEH! JUST LIKE ARCH AND JUGGY...

HEY! HAVE SOME RESPECT! YUH KNOW, I'VE BEEN DOING ME SOME THINKIN' AND I THINK NOW THAT I'M MAYBE BI-CURIOS!

CALM DOWN, MOOSE! AFTER ALL, IF YOU ARE BI, YOU SHOULD BE TURNING THE OTHER "CHEEK"!

BI-CURIOS? OOF! I'D SAY MORE LIKE BI-FURIOS!

What rhymes with "kiss"? "Miss" or "this" you might say. But to a rock lyricist so does "wrist," "pith," even "lick," and on occasion, "desk." That's why rock singers mumble so much!
